Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-10,13-18, drawn to a wine rack, classified in class 211, subclass 75.
- II. Claims 11,12, drawn to a wine rack in combination with wine, classified in class 206, subclass 139.

The inventions are distinct, each from the other because:

They require a separate search.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement may be traversed (37 CFR 1.143).
